EDUCATION

Rollins School of Public Health, Emory University

Aug 2024 - May 2026 (expected)

Master of Public Health in Epidemiology

Atlanta, GA

Certificate in Data Science

Thesis: "PrEP Uptake: An Information-Motivation-Behavioral Skills (IMB) Model Analysis"

Brigham Young University

Aug 2016 - Apr 2022

Bachelor of Science: Public Health, Emphasis in Epidemiology

Provo, UT

Minor in Statistics

PUBLICATIONS/PRESENTATIONS

- *Presentation: Mafi, M.* Tracheostomy related adverse events: Is there a weight-related association in pediatric patients? Abstract oral presentation at American Society of Pediatric Otolaryngology Conference (ASPO); May 2024; Chicago, IL.
- *Publication:* Marcus K, **Mafi M**, Kim H, French G, Virani F, Kennedy K, Lee G. Impact of the COVID-19 pandemic on diagnosis and management of acute mastoiditis at a pediatric tertiary care center. Poster at the American Academy of Otolaryngology-Head and Neck Surgery meeting; September 2024; Miami Beach, FL. Role: contributed to dataset creation and data analysis.
- *Publication:* **Mafi M**, Kim HY, Rahbar R, Cunningham M, Watters K. Tracheostomy Related Adverse Events: Is There a Weight-Related Association in Pediatric Patients. *Laryngoscope*. Published online April 4, 2025. doi:10.1002/lary.32169 [Highlighted by Journal Editors.]
- *Presentation: Mafi M.* Recruiting Underrepresented Patients via Centralized Navigation in a Decentralized Registry Study. Poster presentation at the American Association for Cancer Research (AACR) Conference on The Science of Cancer Health Disparities; September 2025; Baltimore, MD.
- *Publication: Mafi M*, Iddirisu M, Brown S, Gabram S, Durham L, Jani C, Ofori S, Pippas A, Shelton J, Srinivasiah J, McMannis A, Tran Christina, Macario N, Brawley O, Cheng H, Paller C. Recruiting Underrepresented Patients via Centralized Navigation in a Decentralized Registry Study. [submitted].
- *Publication: Mafi M*, Hu C, Pastan S, Di M, Patzer RE, Harding J. Removing Race from the iChoose Kidney tool: Updated Predictions of Survival in Patients Receiving Maintenance Dialysis or Transplant for Kidney Failure. Poster at the Cutting edge of Transplantation (CEoT) conference; February 2026; Scottsdale, AZ.

EXPERIENCE

Emory University: Health Services Research Center

Sep 2025-Present

Graduate Research Assistant

Atlanta, GA

- Performed validation analysis using SAS and R to assess the iChoose Kidney risk calculator.
- Utilized United States Renal Data System (USRDS) data including over 700,000 observations in analysis.
- Conducted literature searches and draft manuscripts and abstracts for publication.
- Contributed to analysis for CURE study analysis and manuscript creation.
- Assisted in planning for Health Services Research Conference.

Georgia Center of Oncology Research & Education (CORE)

May 2025-Sep 2025

Student Intern

Atlanta, GA

- Analyzed data related to the PROMISE collaborative effort with ACT using R.
- Published abstract for ACCR disparities conference and presented poster.
- Authored complete manuscript and coordinated with collaborators for journal submission.

Centers for Disease Control and Prevention (CDC)

Dec 2024-May 2025

REAL student intern (Office of Mathematical Modeling)

Atlanta, GA

- Completed literature reviews for research project proposals and publications.
- Conducted exploratory analyses for a five-million-line sensor-based project using R.
- Presented assessment and findings.

Boston Children's Hospital Aug 2022-Jul 2024
Otolaryngology Clinical Research Assistant Boston, MA

- Aided Principal Investigators in planning, implementing, and managing 14 clinical research studies.
- Drafted manuscripts/posters for journals and national conferences.
- Performed basic analysis, completed IRB protocol submissions, collaborated with project members, and presented/published research upon project completion.
- Maintained database with REDCap system for National Tracheostomy Collaborative surveillance.

Brigham Young University Apr 2021-Sep 2022
Research Assistant Provo, UT

- Assisted in the creation and revising of STATA code, cleaning data for the NHATs dataset.
- Conducted data analyses to determine the association of widowhood to depression and dementia.
- Co-authored and drafted a forthcoming paper on this research.

Crumbl Corporate Sep 2019-Aug 2022
Customer Support Team Manager/Representative Provo, UT

- Authored training manuals for training purposes and interact with customers when escalations occur.
- Created weekly schedules for and participated in the training of the team of 10.
- Answered customer phone calls, emails, and DMs.

PSM RMP Solutions Apr 2019-Sep 2019
Compliance Specialist Mission Viejo, CA

- Monitored safety programs to verify compliance with federal standards.
- Co-represented company at 3-year compliance audits, 5-year updates of EPA programs.
- Developed OSHA safety programs as they pertain to hazardous chemicals.

VOLUNTEER/UNPAID EXPERIENCE

Thesis Project Sept 2025-present
Student Researcher Atlanta, GA

- Review CDC funded survey to determine behavioral model indicators for assessment of PrEP uptake.
- Use R to clean data, create cdf figures, perform cox proportional hazard analysis, and interaction assessments.
- Author manuscript and poster for publication and presentation of findings.

Brigham & Women's Hospital Oct 2022-Jul 2024
Volunteer Boston, MA

- Maintained organization in the outpatient infusion clinic.
- Assisted practitioners in patient care when requested.

Literacy Volunteers of Massachusetts Oct 2022-Jul 2024
Volunteer Boston, MA

- Created and taught personalized curriculum to student learning English as a second language.

Brigham Young University Public Health Administration Council Jun 2021-Aug 2022
Secretary Provo, UT

- Responsible for club communications regarding volunteer and educational opportunities.
- Assisted plan activities and ensure that locations are reserved, and arrangements are made.

SKILLS

- Technology: R (markdown & Shiny), SAS, STATA, SQL, Adobe, Zotero, and arcGIS
- Spanish Proficiency (written, oral, and reading)
- CITI training completed (Biomedical Focus & Social/Behavioral Focus)
- Research design
- Statistical analysis
- Technical writing
